## MAC & CHEESE

350°F OVEN

---

- 1 Remove from clear packaging
- 2 Cover loosely with foil
- 3 Heat for 20 minutes
- 4 Stir then continue to bake for another 5 minutes (uncovered if you want it browned on top)
- 5 Let stand 2 minutes before serving

### THAWING INSTRUCTIONS:

Defrost in the refrigerator 8 – 10 hours, or place in a microwavable container and heat on high for 30 seconds, flip, then heat for 15 seconds.

Mac & cheese should be cooked to an internal temperature of 165°
